

HOLBROOK HAPPENINGS

Issue 487

9 October 2024

FOOTBALL GRAND FINALS

Reserves: The Holbrook reserves capped off a brilliant season by mowing down the CDHBU Power by 49 points in the Hume League Grand Final. The Brookers entered the contest as a hot favourite after whipping the Power by 42 points a fortnight earlier, and once again played to their potential when it counted. The Power struck the first blow with a goal to Deagan Purcell in the second minute, however that was about as good as it got for the lads from Coreen. Holbrook, on the back of great work from Ollie Whitley, Logan Hamilton, and Fletcher Parker (4 goals) kicked the next 8 goals to put the contest to bed. Whitley's determination to win the ball in congested play was evident from the get-go, and he was a deserved winner of the official best-on-ground medal. Hamilton not only won a stack of hit-outs in his rucking role, he also regularly drove the Brookers into attack with his lengthy kicks. Coby Ross, unluckily dropped from the senior team, garnered a swag of kicks on a wing, thus giving Lachie Trethowan and Johnny Ward plenty to work with. Captain Nick Pugh led the charge in defence, while Hainsworth Cock, Hamilton Black, and Aidan Cox all played their hearts out for the duration. The win was a fitting way to bow out for Matt Sharp, who played his last match in the green-and-gold.

Seniors: Holbrook's dream of becoming the top dogs in the league again went up in flames at Walbundrie, losing to the Osborne Tigers by 35 points in the senior grand final. The Brookers looked the goods in the first term, taking advantage of the wind to post four goals, and open up a 16-point buffer over the minor premiers. From that point on though, Holbrook could only score 9 more points in the low-scoring contest. After the match, Brookers co-coach Andrew Mackinlay pointed to his teams inability to handle the Tigers pressure on the ball-carrier that proved pivotal. To their credit, the Holbrook players never threw in the towel. Andrew Dear and Kieran McCarthy had plenty on their plates in the back half, and both cleared the ball away from danger on many occasions. McCarthy even floated forward in the first term to slot a goal. Jayden Hucker spent most of the match in the ruck, and did all he could to feed the ball to the likes of Jock Triggs and Will Holmes. Other Brookers to have an impact were Cody Hewat, Sam Joyce, and Matt Bender. Holbrook looked to have scored their fifth goal in the second quarter from the boot of John Mitchell - however the field umpire overruled the goal umpire. That summed up how luck had deserted the Brookers.

RESULTS FROM GREATER HUME COUNCIL'S ELECTION

Greater Hume's new Council has now been officially declared after the finalisation of the postal votes and the distribution of preferences. Greater Hume are happy to welcome back many returning Councillors, and excited to see some newcomers join the table for the next four years.

The results of the Greater Hume Council elections are;

North Ward: • Ben Hooper • Brian Liston • Annette Schilg

West Ward: • Matthew Hicks • Ashley Lindner • Jenny O'Neill

East Ward: • Kerry Morton • Lea Parker • Tony Quinn

The outcome Constitutional Referendum is that the Ward system is to remain within Greater Hume Council.

Councillors will now undergo an induction program to ensure clear knowledge of the workings of Council, understand their role and responsibilities and allow them to hit the ground running. On 9 October, Councillors will undertake the oath or affirmation of office. Council will then meet for the first time, including the election of the Mayor and Deputy Mayor. The new Council will then officiate over Council business for the first time, considering a range of issues and making decisions for and on behalf of the community.

Greater Hume Council would like to thank all candidates who nominated to become a Councillor. Council would also like to thank outgoing Councillors, Ian Forrest, Doug Meyer, OAM and Heather Wilton for their incredible work and community effort over the last Council period.

HOME SUPPORT and MEALS ON WHEELS in the GREATER HUME AREA

Our Meals on Wheels menu has been updated for SPRING. There are now even more items for our service users to choose from. We deliver meals to our CHSP (Commonwealth Home Support Programme) clients, as well as clients of other services such as Home Care Package clients throughout the shire area. Feel free to call us if you need any more information, our wonderful staff will be happy to help out!

For Commonwealth Home Support clients, meal cost starts at \$3.00 for a soup or dessert, \$5.70 for petite meals and large meals start at \$7.00. Desserts are delicious and highly recommended! We don't have the big budget advertising BUT did you know, HOME CARE clients are eligible for further subsidies on their meals from ANY Meals Provider? Home Care clients pay just 30% of the menu price and the balance, an administration and delivery fee, is charged to your package. Speak to your Home Care provider if you wish to take advantage of this service.

YOUR package, YOUR choice!

The **Emergency Preparedness Assistance** programme is also available and now is a timely reminder to perhaps think about plans for the upcoming hot weather and bushfire season.

Our **Social groups** have been busy out and about exploring Holbrook and beyond, with our Mystery Tour last week a huge success and thoroughly enjoyed by all who attended.

You do need to be registered with My Aged Care to access services with us – don't worry, if you aren't registered, we can help you with that as well. If you would like to participate or would like more information, please give the office a call on 02 6036 3677. You can also call My Aged Care

direct on 1800 200 422 to discuss your needs.

VOLUNTEERS NEEDED. If you have some spare time available, even just 1 hour a month, we would love to hear from you! We are seeking volunteers for meal delivery services, transport services, visiting and assisting with our groups. Phone or call the office for more information. You will be reimbursed all out-of-pocket expenses. A National Police Record Check is required; we will arrange and pay for this. Call into our office at 114 Albury Street, Holbrook or phone 02 6036 3677 for more information.

COFFEE TO GO - WITH YOUR PAPER

Thank you to the Holbrook community for embracing the newest piece of the jigsaw puzzle down at Holbrook News & Gifts. The local support has been amazing.

Thank you to our wonderful local tradies, Greg Webb

(electrician) & Lachlan Casey (plumber).

We are excited to be teamed up with Honeybird Coffee from Mount Beauty and, in addition to coffee, we will be offering milkshakes & iced coffee for you to enjoy.

Stay tuned for more updates and improvements to our jigsaw. Pop in and say "hello" through our fabulous window, grab a takeaway coffee or sit and enjoy your break.

PROBUS

It was great to have lunches available at the RS Club again. 15 members thoroughly enjoyed a very nice lunch.

As yet we have no information about our proposed trip to Henty. Hopefully we'll know more soon although the year is getting away. Our guest speaker this month was Steph Cowley, from Landcare, whose role is in Sustainable Agriculture. A large focus of Steph's role is working alongside farmers and ensuring current research and extension material is relevant. Her main aim is to improve pastures and Steph has prepared a document with a list of resources for farmers. Thank you Steph.

Jill Winnett once again recited two of her fabulous poems, 'Memories' and 'Gran'

Our next meeting is on Tuesday 29th October at 11:00am at the RS Club. This will be our last formal meeting for this year. Our November meeting on Tuesday 26th November will be our Christmas Lunch. We will need numbers at our October meeting.

GRAND OPENING FOR BELLA LOU THE STORE - 147 ALBURY ST, HOLBROOK

We are beyond thrilled to share the success of Bella Lou the Store's grand opening at our new location, 147 Albury St, Holbrook! This milestone wouldn't have been possible without the unwavering support of our family, friends, and loyal followers. Your kind words, encouragement, and belief in our vision have been with us every step of the way.

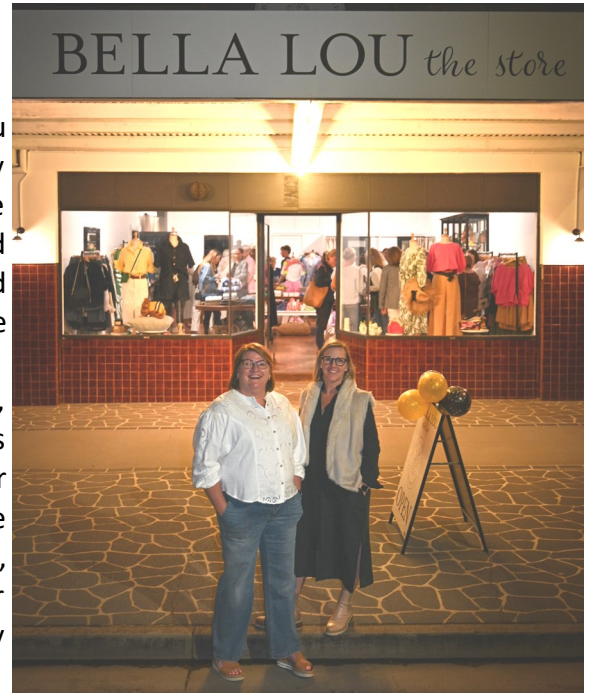

Our journey started back in 2021 with some pop-up shops, and in 2022, we set up shop in a spare room of Kristie's house with just one clothing label, some homewares, our own linen label in the making and some hats. In 2023, we moved into a small retail space behind the old NAB bank, but now we're delighted to have opened the doors to our beautiful new store on Holbrook's main street, previously Glenross Antiques.

We are incredibly grateful to all our customers who attended the opening night and celebrated this exciting step with us. Your presence made the night even more special! We are excited to have created a space that reflects our gorgeous brands and pieces, and we look forward to continuing to grow and contribute to the charm of Holbrook, making it an even more appealing stop for travelers and tourists.

Our shop is open Friday - Monday 10am - 2pm and online at www.bellalouthestore.com.au

Thank you all for being part of this journey with us—we can't wait to see what the future holds!

Love Kristie & Carla

FENG SHUI

Growing up in Communist China, I was quite surprised after arriving in Australia to see that the idea of Feng Shui is well embraced by some Western people. A friend of mine even wanted me to introduce her to a Feng Shui master to help solve her family problem.

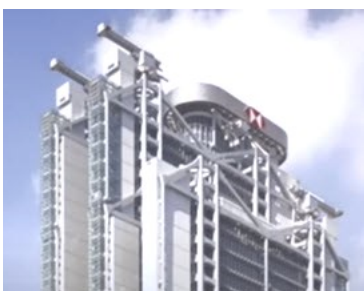

There was one story of when a person passed away, a Feng Shui master boasted: "I can point to 10 possible items placed in the wrong position in this person's home." And some of his points were correct. Does Feng Shui work, or is destiny already set? Like the chicken and the egg, I would dare to guess that when chicken was created, egg was on its drawing board together, but I rather leave you to work out whether Feng Shui works...

Feng Shui has been practiced by Chinese people for centuries, but during the Communist revolution, ordinary Chinese people were not allowed to openly practice it, but communist officials have been secretly following the practice in many aspects: their ancestor's graves, their houses and offices, or choosing dates for events, etc. As soon as a CCP (Chinese Communist Party) member takes office, they will firstly re-build their ancestor's grave. Because once they obtained position, they have access to acquire land and funds to use for themselves. To place one's ancestor's grave in the right place is regarded as the first important action in Feng Shui workout.

Communists in China did a crazy transformation on how Feng Shui is practiced in Chinese culture, and it led to a vicious level of competition in recent decades.

In 1989, the Chinese Government took the land of a prime position in Hong Kong, and built the China Bank on it, with the 3 knife shaped edges towards: The Government House of Hong Kong; The British army base in HK, and the head office of HSBC. The HK government then rushed to plant a garden that spanned wider than the government house, with full height trees forming a wall; and the head office of HSBC quickly built 2 large cannons on top of their skyscraper... (pictured right)

In 2019, the Chinese government made an extension of the coastline by filling the ocean to build a new

west Jiu Long Railway station, the extension, in the shape of a snake head, connected with the railway, thus a complete giant snake, opening its mouth, pointed to the Sun Yetsen statue and museum on the opposite island. There are at least 7 colossal infrastructures in snake shaped form built in HK after 1998, the doom of Hong Kong democracy was in sight, as explained by some Hong Kong Feng Shui masters.

The first Feng Shui theories appeared in China: "The Yellow Emperor's House Sutra" is said to have been written by the Yellow Emperor in 3000BC, teaching of creating harmony between man and their residence, man with heaven and earth, with nature, and with the universe. Its doctrine was explained through the theories of tai chi, yin and yang, human spirits, Yi Ching, etc., and described the house shape as a body, the streams or water as the blood, ... etc. All things coordinate properly and elegantly, to create a prosperous outcome.

Recently, China has just successfully expanded its regional impact from Papua New Guinea to the Torres Strait since its acquisition of a large mining lease on Horn Island, Australia; on top of China's foot hold in the Darwin port, and many other ports and land in Australia. Major media have been diligently reporting about China's 'reasons' for these infrastructures, what do you think? and how many cannon statues we should build to prevent us not becoming second Hong Kong?

I am planning to hold an evening talk (6:30-9pm), to introduce some safe and effective Feng Shui knowledge, at the end of Oct. Time and venue will be decided according to amount of people that wish to attend. Free entry or coin donation. If you would like to attend, please send message to 0403 757 145. *Sealand Gregory*

<https://events.humanitix.com/woomargama-national-park-nature-walk>

Bogong Moths - Call to Action: Zoos Victoria is tracking endangered Bogong Moths as they migrate across the nation to the alpine regions this spring. With numbers critically low, your sightings of Bogong Moths could help scientists work out what's happening to this vital species. Bogong Moths play an important role in the

ecosystem – including as a key spring food source for the Critically Endangered Mountain Pygmy-possum.

We had one record in Holbrook last December and are on the lookout for more! If you see a Bogong Moth, take a photo and upload it to the Moth Tracker website via zoo.org.au/moth-tracker. Or send it to us with details of where you saw it and we will upload it for you. Remember, Bogong Moths can be found day or night, and you don't necessarily need to go out exploring to find them! They can show up in

places like on your windows, front doors or in your garden.

HOLBROOK PUBLIC SCHOOL

The final weeks of the term were filled with various exciting activities, including sports gala events, visits to the Harry Jarvis

Wing, School Administration and Support (SAS) Staff Recognition Week, and, of course, our Whole School Performance.

Each fortnight, one of our classes pays a special visit to the residents at the Harry Jarvis Wing. Our 3-4 Possums class read their reports on the importance of animal sanctuaries and performed a delightful rendition of their Whole School Performance item, 'Walk Like an Egyptian'. The visit was a beautiful example of intergenerational connection and the importance of spreading joy and happiness in our community. It was a special moment highlighting the positive impact simple gestures of kindness and creativity have on others. As we work towards becoming responsible citizens, we look forward to more opportunities to connect with and bring joy to our wider community through such heartwarming initiatives in the future.

During School Administrative and Support (SAS) Staff Recognition Week, we acknowledged the important role of our SAS staff in our school community. These dedicated individuals work hard to keep our school grounds and buildings in top shape, assist in classrooms and libraries, and warmly welcome visitors and students. They are the foundation of our school, and their efforts are crucial for its smooth operation.

While participating in sports tournaments and

extracurricular activities, we also dedicated time to rehearse and polish our performances for the Whole School Performance. This endeavour demanded significant effort and commitment from all involved. Nevertheless, the diligence and dedication paid off, and we enjoyed a wonderful time showcasing our talents and recognising our accomplishments.

Now, it's time for a well-earned holiday, during which students and staff can recharge and relax after a busy term. It is a time to reflect on past achievements, prepare for the challenges ahead, and return refreshed and energised for the start of a new term.

Now taking enrolments for Kindergarten 2025

Are you looking for a school where your child can truly shine? Our small school offers a nurturing environment with personalised attention, dedicated teachers, and a close-knit community. HOLBROOK MULTIPURPOSE CENTRE OPEN DAY

Holbrook MPS invites the community to an open day - Friday 18th October from 10.00am – 12.30pm

Holbrook Multipurpose Service is preparing to welcome the community to an Open Day, providing an opportunity to meet the staff and see firsthand the facilities and technology available.

The day will feature a simulated emergency department exercise as well as an opportunity to visit the aged care unit and join the staff, residents and volunteers for lunch and refreshments.

“We have a beautiful, modern facility here in Holbrook, and an incredible team of highly trained staff. We are excited to invite the community to come and see them in action,” said Kayla Hill, Facility Manager. The staff will be demonstrating the advanced technology in the emergency department and new models of care available for patients.

“The open day will start in the emergency department where we will simulate an emergency response to showcase the skills of our staff and demonstrate the use of the Remote Medical Consultation Service, a virtual care system that enables us to call on a doctor at any time, day or night,” said Kayla.

“We will also demonstrate the new Emergency Care and Treatment (ECAT) protocols that our highly trained staff use to ensure patients start their treatment as soon as possible and spend less time in the emergency department. “No-one plans to end up in the emergency department, but we hope that seeing our team in action, and the technology that we have available, is reassuring for anyone who finds themselves in need of emergency care in the future.”

Following the emergency scenario and hospital demonstrations, guests will be able to participate in tours of the hospital and aged care wing. “We have 22 residents who call our facility home and we are proud of the high standard of care we provide,” said Kayla. “It is a warm and friendly environment, with lots of home comforts as well as regular activities and outings.”

Everyone is welcome to attend. No RSVP is required. For further information please contact Facility Manager Kayla Hill on 02 6052 2800.

THUNDERSTORM ASTHMA INFORMATION

Thunderstorm asthma can be very serious for people with asthma and or respiratory conditions. The peak time for thunderstorm asthma is mainly spring but can extend to December during the grass pollen season.

Thunderstorm asthma events are thought to be triggered by an unusual mix of high levels of grass pollen and a certain type of thunderstorm.

During these storms tiny pollen grains from grasses can be swept up in the wind and carried long distances. When exposed to this air, the tiny particles of pollen are breathed deep into your lungs, triggering an asthma flare-up or attack.

Please present to the Holbrook Hospital or call 000 if you are having symptoms and remember to review the asthma first aid step chart. *Take Care, The Holbrook Hospital*

HOLBROOK RS GOLF CLUB

By the time you read this, our raffle of a brand new Lion golf cart to raise much needed funds for the golf club would have been drawn and won at our annual Three Person Ambrose Day held on the October long weekend. Thank you so much once again to everyone involved in organising the raffle and helping out along the way, and thanks also to all the locals who have supported the club by purchasing tickets.

With Daylight Savings kicking back in, our popular Friday night twilight golf will be starting again. Keep an eye on our facebook page for full details. It is a great opportunity for people new to the game to build up some scores for handicapping.

Works Notification - Construction Works
Holbrook Flood Mitigation Project

Contractors for Council are currently undertaking works in relation to the construction of the Holbrook Flood Mitigation Project.

Notice is hereby given that works are being undertaken from Hay Street, Holbrook and will continue through until April 2025. Work times will be from 7:00am to 5:00pm Monday to Friday and 8:00am to 12noon Saturdays.

Heavy vehicles will be travelling between Holbrook Sewerage Treatment Plant through to South Holbrook during levee construction works.

Council apologises for any inconvenience.

Should you have any queries regarding this matter please contact Rajesh Khatri, Project Manager, NSW Public Works who is overseeing the project on T: 0477 666 503.

Alternatively, Michael Olver, Manager Traffic and Infrastructure, Greater Hume Council, on T: 0429 089 680.

Calling for Nominations of Greater Hume's Top Citizens

AUSTRALIA DAY
IN GREATER HUME

“Paraken”, Four Mile Lane, Holbrook

EOI

NEW LISTING

“PARAKEN” - RURAL LIFESTYLE, PRIVACY, CONSERVATION & INCOME

Craving privacy and a rural lifestyle? Wanting to have a home on top of the hill looking out over the countryside? And still earn some income as well as contributing to preserve the diverse fauna & flora of the area?

"Paraken" could be just the property you are looking for!!

Situated in a tightly held, seasonally safe location this stunning property offers a rare opportunity to obtain a bespoke homestead situated on 334.4 Hectares (or 826 Acres in the old scale). Hand built from local stone off the property this character filled 3 bedroom & office homestead offers classy, country living with elevated views over the paddocks & surrounding countryside. Internal stone feature walls & picture windows complement the home which has surrounding verandas and is set in established gardens. A two-car lockable garage is accessible under a covered veranda/walkway from the home.

The property is a diverse mix with approximately 115 hectares (284 acres) of grazing country that is subdivided into 9 paddocks that are watered by spring fed dams & seasonal creeks as well as a reticulated water system to troughs & the home garden. The other 219.4 hectares (542 acres) is remnant bushland that will be covered by a conservation agreement with the NSW Biodiversity Conservation Trust. This area is split into three separate fenced sections and contains highly diverse flora and threatened species habitat. The most significant ecological asset of the conservation area is its value as habitat for threatened woodland birds such as Barking Owl, Black-chinned Honeyeater, Black Falcon, Brown Treecreeper, Gang-gang Cockatoo, Scarlet Robin and many more. The conservation agreement comes with annual management payments (TBA on enquiry) to assist landholders manage pests, weeds, fences & tracks in the conservation area. As well as the stunning homestead on the property other improvements include sheep & cattle yards as well as a four-bay shed that has a 1 stand shearing bay. There is also an older workshop/storage shed.

Expressions of Interest: Closes Friday 8th November 11AM
